PROVED AND TESTED RECIPES FOR THE HOUSE WIFE

In this department of the Times we appear for a time proved and tested recipes for the housewives. The Times Editor would like to say to the ladies generally, that these are not copied from any particular book, but are rather those that have been handed in for publication. It is said that a good way to approach a man is through his stomach. It is to be hoped that in some way the Times may be useful in this department in fostering peace and felicity in the homes of the citizens of St. Francois county by helping the good housewives to prepare tempting viands for their husbands.

In order to make this department the most useful we would invite any and all ladies that have excellent tried and proved recipes that they would like to assist their friends with to send them in that they may be Times.

They will occupy about the same space and will run with the same make-up. Those desiring to do so can secure a scrap book and begin the preservation of the recipes. We will here and now make promise to run good ones, and such as is thought to be practical and helpful. We shall be glad to have a word from any one interested in this department.
